

CREWS. MOVES. **KNOW IT.**

Two ways to turn a Snap Street Band song into a whole-class activity. Songs: Seven's Got the Groove (7s), Eight on the Beat (8s), Nine Hit the Line (9s). Free at snapstreetband.com.

1 • VOTE ON THE CLASS MOVE

About 10 minutes.

1. Pick one answer from the song, like **56** in Eight on the Beat. Write it on the board.
2. Show the six move cards (page 2). The class votes with the tally sheet (page 4).
3. Play the song. Every time the band sings that answer, everyone hits the winning move and holds it for one beat.
4. Round 3: hit the move *before* the band sings the answer.

LEVEL UP

Give every answer its own move. Plan it with the move-per-answer table on page 4.

2 • LIP-SYNC CREWS

About 25 minutes. Crews of four. Each kid is one band member: lead singer, singer, guitarist, drummer.

1. **Listen.** Play Round 1. Decide who lip-syncs each line. Write it on the crew planner (page 3).
2. **Plan.** The guitarist and drummer choose the moves for the answers.
3. **Practice** for ten minutes with the song.
4. **Perform** Round 2 for the class. The audience joins in on Round 3 and tries to beat the band.

MORE IDEAS

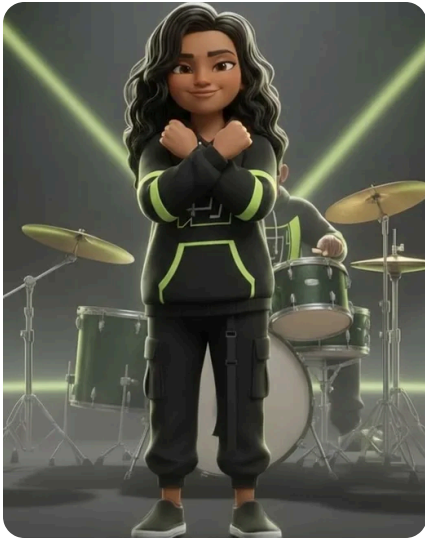

Freeze check: hold The Freeze in Round 3 and only break it to shout an answer first.

Move relay: each row owns one answer and its move.

Exit ticket: the free practice sheet for the same table.
